NCHM/FMCR/Forecast/2020-21/1363

### **Advisory on Flood**

**Date of Issue:** 29<sup>th</sup> June, 2021

**Time of Issue:** 4:00 PM

Active monsoon is prevailing over the country. There is forecast of heavy rainfall over the southern and southeastern part of the country and light rain over the rest of the country during the next 72 hours.

Flash floods, landslides and riverine floods are very likely over the southern, southeastern and isolated places at the rest parts of the country during the next 72 hours due to heavy rainfall.

Updates will be issued if there are significant changes in the forecast.
